

## 2022 Annual Report

**This year, Cycling BC's HopOn program helped +5000 youth**

**And our success wouldn't have been possible without you.**

***Here is a quick recap of the highlights!***

**3% GROWTH to 39 schools (4400 students)**

**50% GROWTH to 14 after-school programs (312 participants)**

**40% GROWTH to 13 summer camps and 12 free expos (339 participants)**

**Instructor training in Whitehorse and Ottawa to support national expansion**

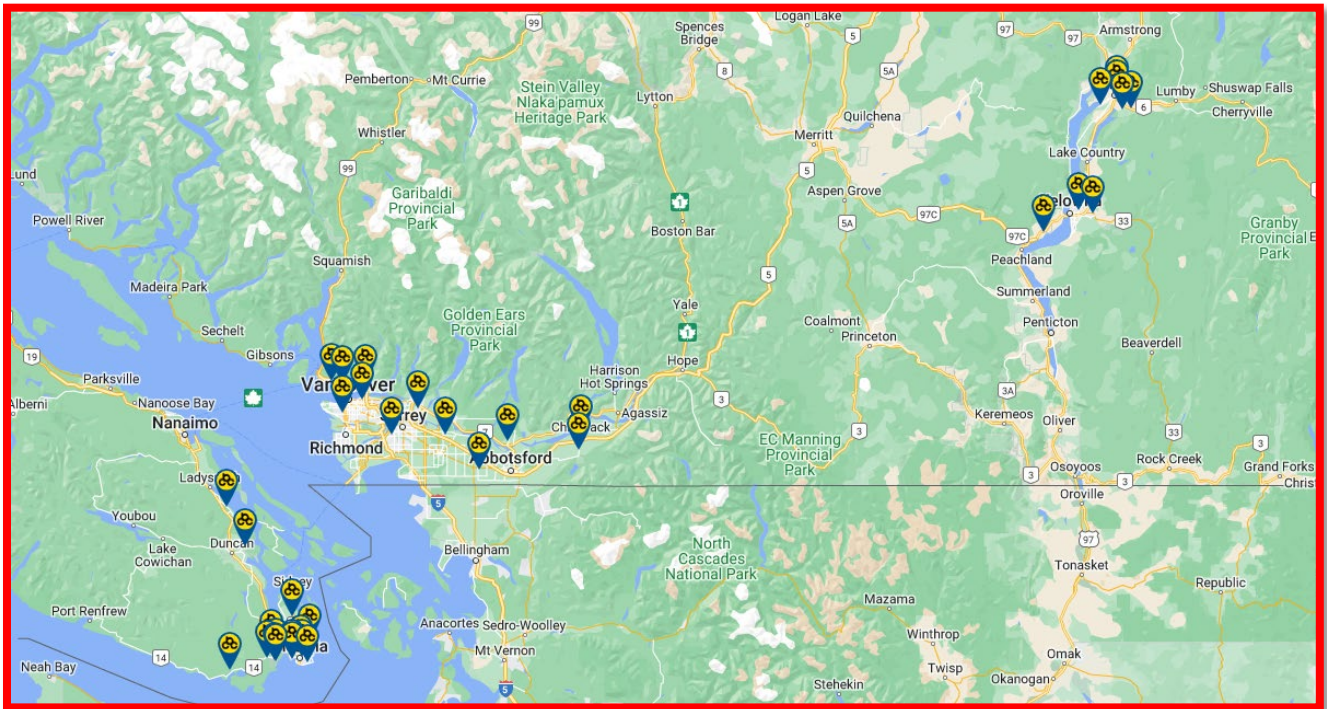

To support National Expansion, in April 2022, we rebranded from iRide to HopOn,

Providing access to additional funding while maintaining program standards.

**NEW 94Forward funding helped us double our efforts on Vancouver Island,**

**And the HopOn Instructor experience continues to attract aspiring teachers.**

***“I am consistently amazed by how the students’ favourite games change from year to year. There is no doubt that 2022 was the year of the **Tower of Power Game.**” – Ben Chaddock, HopOn Manager***

***This game is a team relay focusing on dismounting skills and team collaboration.***

**New after-school programs started in North Vancouver, Burnaby, and Coquitlam,**

**Including initiatives that encourage parents and children to ride together.**

**Abbotsford High School teacher, Martin Lavrik, strived for excellence in his 6<sup>th</sup> season and pursued both PMBIA Instructor and NCCP Club-coach training.**

**Changes to BC School Sports policy helped Cycling BC connect and provide support at the 2022 High-School Mtn. Bike Championships at the new Jordi Lunn Bike Park.**

**We launched new partnerships with the City of Maple Ridge and New Westminster,**

**Helping kids experience their local mountain bike trails, and try the velodrome!**

**On the Island, WestShore Parks & Rec and Cowichan Tribes also hosted camps.**

**Creating meaningful opportunities to connect people of across generations.**

**Our autumn season included community programs in the Interior,**

**With Chase's Younger Learner's Society expanding their program in year 2.**

And our after-school transportation pilot, the BVC Shuttle, was a success!

Helping kids access transportation to the Burnaby Velodrome's existing programs.

**Coach Education highlights included special trips to Whitehorse & Ottawa,**

**Including the training of 4 NCCP Learning Facilitators from the  
Yukon, Ontario, Quebec, and Prince Edward Island  
to support national growth in 2023.**

So, in the spirit to riding together,

In flying further and farther than ever before ...

And always riding with style!

**THANK YOU!**

Since 2013, we have now reached over 70,000 British Columbian Youth

And we would not be here today without supporters like you!
